# Why HubSpot for Catering Companies?

## Fast-Paced Coordination

HubSpot provides powerful CRM to streamline communication between sales and kitchen teams.

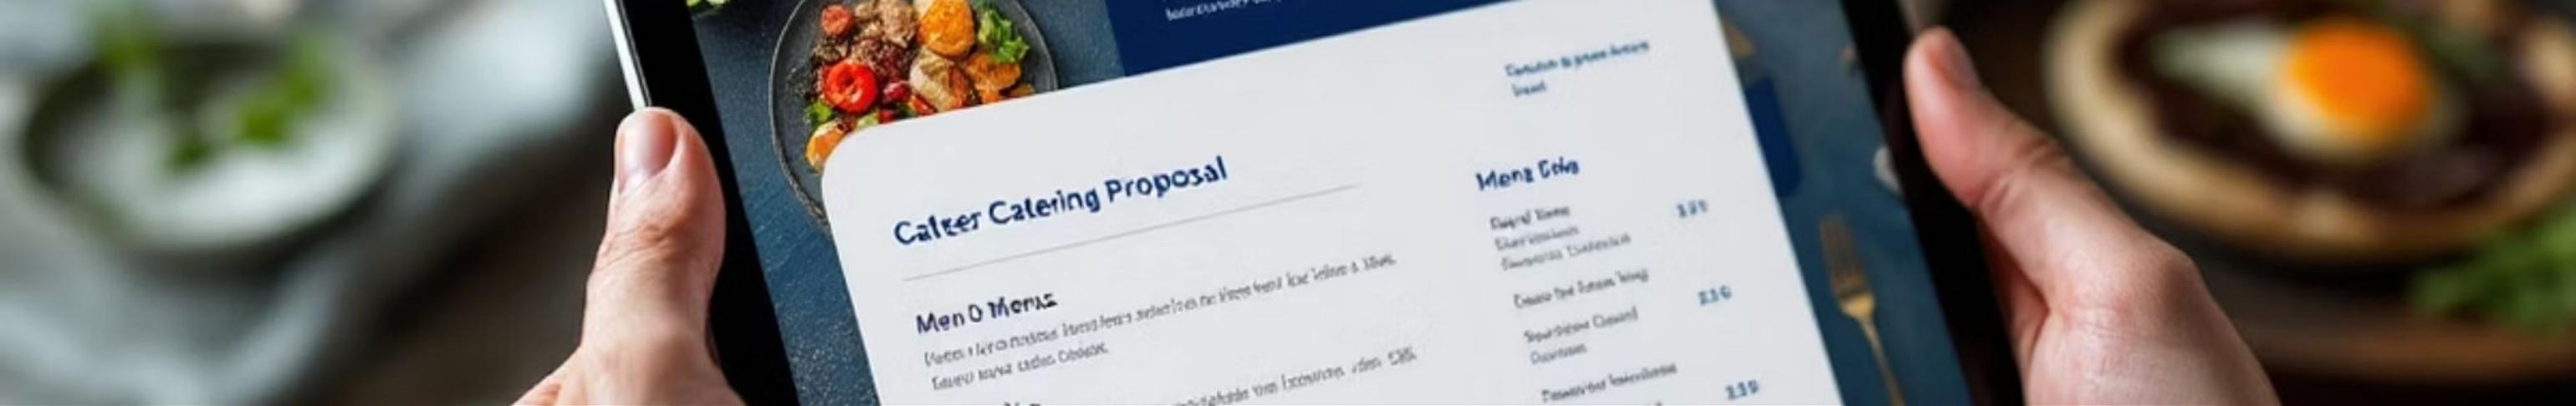

## Superior Automation

Unlike traditional catering software, HubSpot excels at sales and marketing automation.

## Seamless Integration

Connects with QuickBooks, Nowsta, Galley, and SevenRooms to unify operations.

# Core Features for Catering Businesses

## Sales & Booking Automation

Create dynamic quotes with tiered menus. Enable digital signatures for client approvals.

## Operations & Staffing

Integrate with staffing tools. Calculate equipment needs based on menus.

## Event Management

Track progress from inquiry to follow-up. Generate BEOs automatically.

## Marketing & Analytics

Nurture leads with targeted campaigns. Build dashboards for key business metrics.
